Work Skills Automotive Courses

Our Automotive courses provide practical and industry current qualifications to launch or support an exciting and fulfilling career in the automotive industry.

The AUR32518 Certificate III in Automotive Underbody Technology is intended to prepare new employees or recognise and develop existing workers performing mechanical work in the automotive light vehicle service and repair sector.

What Is the Qualification About?

This qualification covers the skills and knowledge required to perform a broad range of tasks on a variety of underbody systems within the automotive service and repair sector.

How Do I Do It?

AUR32518 Certificate III in Automotive Underbody Technology is delivered through blended learning, based on face-to-face and one-on-one training with a Work Skills trainer. This may also include utilising digital learning guides, videos, the internet and the Work Skills Online Learning and Assessment System (WOLAS). The learning may comprise of all or some of these methods. It will depend on location, the pace at which the student wants to learn and employer's requirements. This is negotiated at the Initial Checkpoint Meeting.

WOLAS is more than just e-learning. It is an industry leading platform that manages a student's progression through each unit of competency through to completion of a qualification.

Course Duration

Workplace based	48 months – Full time 96 months – Part time
-----------------	--

Qualification Entry Requirements

There are no entry requirements for this qualification.

Work Skills Entry Requirements

- Work Skills requires the student to complete an LLN&D assessment to determine suitability for a level III qualification. There is no need to be discouraged about this as the LLN&D is a great tool to allow us to identify any extra support that the student may require.

What Needs to Be Completed?

28 units of competency are required to complete this qualification within the specific requirements as set out below:

- 13 core units
- 15 elective units within the specific requirements as set out in the tables below.

Electives can be chosen according to the requirements of the enrolling students. Please discuss this with the Work Skills team during the enrolment process.

Core Units - Mandatory

AURAEA002 Follow environmental and sustainability best practice in an automotive workplace

AURASA002 Follow safe working practices in an automotive workplace

AURETR025 Test, charge and replace batteries and jump-start vehicles

AURLTB003 Diagnose and repair light vehicle hydraulic braking systems

AURLTD004 Diagnose and repair light vehicle steering systems

AURLTD005 Diagnose and repair light vehicle suspension systems

AURLTJ011 Select light vehicle wheels and tyres

AURLTJ002 Remove, inspect, repair and refit light vehicle tyres and tubes

AURLTJ013 Remove, inspect and refit light vehicle wheel and tyre assemblies

AURLTQ012 Diagnose and repair light vehicle drive shafts

AURTTA018 Carry out diagnostic procedures

AURTTJ011 Balance wheels and tyres

AURTTK002 Use and maintain tools and equipment in an automotive workplace

Elective Units

AURAF003 Communicate effectively in an automotive workplace

AURAMA001 Work effectively with others in an automotive workplace

AURETR012 Test and repair basic electrical circuits

AURTTB001 Inspect and service braking systems

AURTTB015 Assemble and fit braking system components

AURTTD002 Inspect and service steering systems

AURTTD004 Inspect and service suspension systems

AURTTQ003 Inspect and service drive shafts

AURTTZ002 Diagnose and repair exhaust systems

SIRRINV002 Control stock

AURLTD006 Carry out light vehicle wheel alignment operations

AURSBA102 Identify and match uncommon automotive parts

AURSCA106 Promote automotive products and services

AURACA103 Build customer relations in an automotive workplace

AURLTQ101 Diagnose and repair light vehicle final drive assemblies

Delivery and Assessment

1. Face to Face 2. Workplace based sessions 3. Workplace training

Training and Assessment will be conducted through a combination of blended learning environments. The student will have to successfully complete both knowledge and practical assessments for each unit of competency to achieve their certificate of completion.

Delivery Locations

This program will be delivered at the student's nominated workplace.

Vocational Placement Requirement

No Vocational Placement is required for this course

Fee and Charges

For Fee details – refer to Fee and Charges Brochure

Recognition of Prior Learning (RPL)

If you are currently working, or have previously worked in a relevant industry, you may be eligible for Recognition of Prior Learning (RPL). RPL applies where you have workplace experience/competency that can be formally assessed against the units of competency in this course. If you wish to undertake an RPL process, please discuss with the Work Skills team.

Certificate Issuance

A certificate is issued where all 28 units have been deemed competent. A statement of attainment is issued when only some units are deemed competent and the course is not completed in full. Issuing of certificate and or statement of attainment occurs within 30 days of the last unit being deemed competent. However, this may be delayed in the event that the student has not provided a valid Unique Student Identifier (USI) or has an outstanding fee. *(NA for students enrolled under Apprenticeship/Traineeship Pathway)*

Pathways to Further Study

Upon successful completion of AUR32518 Certificate III in Automotive Underbody Technology, the student may wish to explore further study options in the hospitality sector such as but not limited to:

- AUR40216 Certificate IV in Automotive Mechanical Diagnosis*
- AUR40820 Certificate IV in Automotive Mechanical Overhauling*

*Please note Work Skills does not offer this qualification

Potential Job Pathways

- Underbody Repair Technician

Additional Links:

*Successful Completion of the course may result in loss of entitlement (government subsidy) in the future.

*Work Skills will not collect more than \$1500 as pre-paid fee from the students
